Interested parties may contact Dr. Gieche during this convention via his cell phone (262-224-6206) to set up an interview. Alternatively, please send your cover letter and resume to kmehredc@gmail.com with the subject line "Associate Veterinarian Position".

Kettle Moraine Equine Hospital and Regional Equine Dental Center (KMEH) is hiring for an associate veterinarian. We service predominantly equine, and some camelid patients. Caseload is general medical, general surgical, and dental referral practice. Dr. Gieche is looking to expand the KMEH team to accommodate the caseload, which is 65% ambulatory and 35% in-house appointments. Hospital facilities include a nine-stall heated barn, treatment area with stocks, in-house laboratory with blood analyzers etc., a padded surgical suite, surgical table, general anesthesia machine with respirator, and five paddocks. Stalls and paddocks are remotely monitored via cameras. Stall configurations include dedicated fluid therapy, mare and foaling and general hospitalization. Intern's quarters are available should overnight treatments be required. We have endoscopy, recently updated mobile digital radiography (Cuattro unit from Heska) and ultrasound (with abdominal, tendon, and repro probes), a state-of-the-art CO2 surgical laser unit, oroscopy, and HDE classic water-cooling and compact dental sets etc. etc.

Quality of life is important, we believe in a work hard, play hard model. Our practice is in the beautiful Kettle Moraine State Forest, with an abundance of hiking, horseback riding, horse camping, and camping sites. There are numerous lakes in the area allowing for a variety of water sports. Ample scenic roads with generous shoulders make this an ideal location for bicyclists, motorcyclists, and runners to explore. For those that prefer activities in the city, Milwaukee, and Madison are ~50 minutes away and Chicago is ~90 minutes away.

We pride ourselves on providing high quality medical and surgical care as well as quality customer service with an emphasis on client communication and education. All interested Veterinarians, including experienced veterinarians, veterinarians that have completed an internship and/or residency, recent graduates, and Class of 2024 candidates will be considered. We enjoy mentoring our team members on a routine basis as needed.

Competitive salary will be offered, commensurate with the candidate's experience. CE stipend is included. Additional benefits are customizable. Future buy-in is a strong possibility.

For more information, please see our website at KMEH-REDC.COM. We look forward to showing you how our team can help provide you with an excellent work/life balance and an exciting rewarding career.
